Course Details:

Who's It For?

This program is designed for motor vehicle professionals who want to specialise in electric and hybrid vehicle repairs, focusing on both high and low voltage systems.

Certification:

Level 3 (IMI)

Course Duration:

1-Day Intensive Training

Course Location:

Basildon College,
Stephenson Rd Campus,
Leigh on Sea, SS9 5LY

What You'll Learn:

Health & Safety Standards:

Ensure safe practices while working on electric/hybrid vehicles.

Industry Insights: Understand the latest requirements for electric/hybrid systems.

Repairing High-Energy Systems: Develop practical skills to repair and maintain high-voltage systems.

Documentation and Recommendations: Learn to record your work and provide accurate repair recommendations.

*A registration fee of £41 is required
